Genny Allison

AI-POWERED SEO & CONTENT STRATEGIST | UX-FOCUSED WEB DEVELOPER

SUMMARY

AI-Powered Content Strategist & SEO Specialist with expertise in technical content creation, site performance optimization, and AI-integrated workflows. Proven track record of building SEO-first websites that score 100/100 on Google PageSpeed, rank for long-tail keywords, and drive measurable engagement. Combines UX design, prompt engineering, and analytics to deliver content that ranks, performs, and converts.

SKILLS

- AI Content Engineering & Prompt Design
- Expert in ChatGPT, GPT-4, and MidJourney for content generation, visual design, and workflow automation
- Skilled in prompt engineering, multi-step reasoning, chain-of-thought prompting, and task-specific LLM prompt design
- Hands-on experience with AI-powered writing for SEO blogs, UX copy, product descriptions, metadata, and branding
- Web Development & Performance Optimization
- Proficient in HTML, CSS, JavaScript (ES6), and responsive web design
- Experience with Python and WordPress customization (themes/plugins)
- Optimized websites for perfect 100/100 PageSpeed Insights scores
- Implemented performance strategies including CLS/LCP fixes, image compression, and Core Web Vitals improvements
- UI/UX & Accessibility
- Tools: Figma, Canva, Photoshop, Uizard
- Specialize in WCAG 2.2–compliant design using semantic HTML
- Developed wireframes, design systems, and accessible layouts for mobile and desktop platforms
- SEO Strategy & Analytics
- Proficient with Ahrefs, SEMrush, and Google Search Console
- Created and optimized schema markup, technical SEO fixes, and long-tail keyword strategies
- Built and managed content strategies using clustering, topic authority, and search intent modeling
- Content Marketing & Digital Branding
- Created branded content and visuals for eCommerce stores, blogs, and portfolios
- Skilled in repurposing content across formats (article > infographic > video)
- Experience with storytelling, campaign planning, and conversion-optimized landing pages

PROFESSIONAL EXPERIENCE

Allison's Stock Inc.

Freelance Web Designer & E-Commerce Specialist 2022 - *Present*

- Founded and operate Allison Stock Inc., delivering AI-powered content creation, SEO, and web development solutions.
- Create and manage AI-driven content workflows using ChatGPT, MidJourney, Canva, and prompt engineering to generate high-quality articles, branded visuals, and optimized product content.
- Develop and publish SEO-optimized blog articles, integrating keyword research, schema markup, metadata, and long-tail targeting to improve search rankings and drive traffic.
- Design and optimize fast, accessible websites (HTML, CSS, WordPress, JavaScript) aligned with WCAG standards and achieving 100/100 PageSpeed Insights scores.
- Lead freelance projects for small businesses, including custom websites and e-commerce solutions, with a focus on user-first design and performance.
- Implement advanced SEO strategies using SEMrush, Ahrefs, and Google Search Console, aligning AI content with technical SEO best practices.

Additional Professional Experience

Business Owner | Floral Buyer | Finance Director 2008 – 2025

- **Owner/Director – Allison's Daycare**
  - Founded and operated a licensed in-home daycare focused on early childhood development, safety, and social skills. Managed daily operations, curriculum planning, parent relations, compliance, and business administration.
- **Finance Director – Elite Services**
  - Directed financial operations for a water purification business, overseeing contracts, financing approvals, compliance, and reporting. Improved workflows, strengthened lender relationships, and enhanced client satisfaction through transparent, efficient processes.
- **Floral Buyer – Affiliated Foods, Inc.**
  - Promoted from secretary to department lead, becoming the youngest full-time buyer in company history. Managed vendor relations, pricing, inventory, and seasonal sales strategies. Worked with marketing on keyword-focused catalog copy and merchandising to improve product visibility in ordering systems and early eCommerce tools.
